Accommodation

Residential accommodation:

Our residential accommodation is 10 - 15 minutes by public bus from the campus. The accommodation is part of Oxford Brookes University and all the rooms are singles with en-suite facilities. Minimum age is 12. Residence and homestay students receive full-board provision.

Homestay Accomodation

Homestay is our most popular accommodation option. Living with Oxford residents is a great way to learn more about the UK and British culture, and enables students to practise their English in a typical British home.

Our accommodation department has a loyal data-base of hosts with great feedback who are ready to welcome international students to Oxford.
